

## Dogs Connect

**Meet our newest staff member! 20<sup>th</sup> July 2020**

Nina picked up our newest staff member last Saturday. Evie, is our new staff member and has the title of a 'Wellbeing Dog'. Nina will be the primary carer of Evie and will officially be the owner of Evie. Evie will be at home for about another 4 weeks before coming to work. In the meantime our school community will be getting trained about how to interact with Evie to ensure she settles into our school quickly. Evie will spend more time in the Year 4-5 and Year 5-6 classrooms during her first 6 months of training however the younger students will certainly get to see her. She will also have some time in the office to provide her with some downtime out of our classrooms. We are all very excited and looking forward to her arrival!
